

Always Safe

PLANNING THE Q3 PRACTICAL PACKAGE

Line of fire and discipline-specific life-saving rules

The purpose of the practical package is to increase risk understanding related to the line of fire and continue to work on applying the discipline-specific life-saving rules.

Familiarize yourself with the contents of the package and make a plan for how you will carry out trip 1 and trip 2. The OIM is responsible for planning and carrying out the activities for the leaders. The line manager is responsible for planning and carrying out the activities for operative personnel.

TRIP 1

OPERATIVE LEADERS

- 1) Carry out the package in a leadership meeting, HSE meeting, or in another arena that suits you.
- 2) Watch the film.
- 3) Discuss the reflection questions.

TRIP 2

OPERATIVE LEADERS

- 1) Plan the task: Choose a specific job that is on the plan for trip 2. Set aside time to join the conversation in the field with activation of work permit.
- 2) Discuss the reflection questions.
- 3) Conduct self-evaluation.
- 4) Complete the task: Participate in the conversation in the field. Use the help sheet and ask questions related to some of the discipline-specific life-saving rules.

Write an obs card to share learning related to the use of the discipline-specific life-saving rules.

OPERATIVE PERSONNEL

- 1) Plan the task: Choose a specific job that is on the plan for trip 2. Set aside time for a debrief conversation focusing on the line of fire.
- 2) Discuss the reflection questions.
- 3) Complete the task: In the debrief conversation, you should capture learning related to the line of fire, for example: What went well? What was challenging or difficult? What was different from what we had imagined? What changes occurred along the way?

Write an obs card to share learnings related to the line of fire.
